

[Notice]

- 1) ITB No.: ITB22-KCN-04
- 2) Item for Bid:
Technical Consultation for Engineering of Induction Melting System & General Arrangement of Radioactive Waste Treatment Facility from Decommissioning of Pressurized Heavy Water Reactor
- 3) Submittal Due Date: December 24, 2022 (09:00 a.m. KST)
- 4) Type: Limited Competitive Tendering, Contract through Negotiations
- 5) Budget: 50,000 EUR
- 6) Expected Completion Date: 8 Weeks from Execution Date of the Contract
- 7) General Scope of Services

Task 1: Provide Technical Report of Induction Melting System
Task 2: Provide Design Report of Induction Melting System for Purchase Specification
Task 3: Provide General Arrangement of Radioactive Waste Treatment Facility
Task 4: Provide Facility Description Report of Radioactive Waste Treatment Facility
Task 5: Provide Final Consultation Documentation
- 8) Qualification (eligibility) for Bid:
 - Experience of designing, manufacturing or operating of Induction Melting System
 - Experience of designing or operating of Radioactive Waste Treatment Facility
- 9) Contact Point : **Contract Dept., KEPCO E&C, Inc.**
